

Parent and Student Info guide to Voc Rocks

- The following short courses are offered for weeks 8 and 9 to all Year 8 and 9 students and selected Year 10 students
- Students will need to place their preferences from 1 – 10 with 1 being their first choice, 2 being their second choice and so on.
- Each activity has a description of what is required and the approximate cost of that activity
- The college subsidises the activities to keep costs to a minimum so students need to choose carefully
- Each group will have a presentation at the end of each course and will be presented with a Certificate that will be placed in the student's portfolio folder that can be used for their success presentations.
- The school days will be normal unless parents are informed of an earlier start for a particular activity.
- Due to many activities requiring visiting venues outside of the college consent forms will be required. Students without written consent will not be allowed to attend the excursions.
- Students will receive their information for Week 8 and 9 short courses on Friday 18th of November during PCC Lesson.

If you require more information please contact Mr. Peter Papageorgiou at the college on 8261 2733.
