

Dear Parent/Caregiver,

In 2022, free one-to-one online maths tutoring is available for South Australian students in Year 6 to year 9 as part of the Department for Education's Learning+ program.

Your child is invited to receive free tutoring in this exciting initiative.

What is Learning+?

The Department for Education launched the Learning+ pilot program this year, inviting students in Year 6 and Year 8 from over 80 schools to participate in online mathematics tutoring. With the success of the pilot program, Learning+ has been expanded to include students in Year 6 to Year 9 in 2022.

How does it work?

The program is designed for students of all mathematical abilities, as it is individually tailored to each student's learning needs, to support their academic growth and independent learning.

Students will be allocated a tutor, who is a qualified teacher with experience teaching mathematics and an in-depth understanding of the Australian Curriculum, and will participate in online tutoring for 30 minutes, twice a week for 10 weeks, after school and/or on weekends, commencing in Term 1, 2022.

How can my child participate?

Our school nominated to participate in the Learning+ program in 2022 and **your child's year 6/9 class has been selected to take part.**

Places are limited and once tutoring spots are filled, students will be placed on a waitlist.

Don't miss out – enrol now!

We encourage you to consider your child's participation in the program as a priority, so they do not miss out on this valuable opportunity.

Please refer to the Learning+ website www.education.sa.gov.au/learningplus for more information on the program and the online enrolment form.

To complete the form, please:

1. Review the important information on the [Learning+ website](#)
2. Scroll down to "Enrol now and confirm your child's participation"
3. Click on the enrolment form link
4. Complete the enrolment form to provide your consent and your child's details **no later than Sunday 28 November 2021.**

What's next?

Following completion of the enrolment form, please monitor your e-mails (including your junk/spam folder) for communication from the Learning+ team.

Remember, places are limited and once tutoring spots are filled, students will be placed on a waitlist.

Key program dates

To ensure a smooth commencement to the tutoring program in Term 1, below are the key program milestones and required actions for Term 4 and the December/January school holiday period:
